Our summer trips program is on a mission to make your summer EPIC! We believe that summer vacation is a time to soak up the fun. We'll plan the best adventures that we can think of.....and then enjoy every second of every day alongside your children! From breath taking thrill rides...to splashing through the waves at the beach...to everything in between! You might have to work, but your child will be living their best life and coming home tired in the BEST possible way!

6.5 years entering 1st grade – entering 4th grade

- 2 to 3 fieldtrips per week
- special guests
- a variety of activities in the Bresnahan cafeteria and outside on school grounds

entering 5th grade – entering 8th grade

Fieldtrips EVERY DAY!

Bresnahan cafeteria is a homebase as well as available for any unforeseen circumstances and/or trip cancellations.

How do I know if my child is ready for an adventure program?

- I can bathroom independently.
- I can change into and out of my own bathing suit by myself.
- I can walk for extended periods and stand for long stretches all while carrying my bag.
- I can sit safely in my seat on a school bus for long durations.
- I can pack by own bag and keep track of my own belongings.
- I can wait for extended periods while maintaining focus.
- I respond effectively to verbal instructions with little support or redirection.
- I am curious and excited about new experiences, flexible with a changing routine.

Inclusion Policy

The YWCA values inclusivity. We acknowledge that for safety reasons our summer trips program design requires children to be independent and self-managing within the staff/child ratio (6 years is 1:5 /7-13 years is 1:10). The YWCA does not have the staffing to provide 1:1 support. We have an inclusion specialist working full time providing guidance and training to staff and ensuring strong intentional support for the group. Parents should reach out to the Program Director with any/all specific support needs to ensure appropriate accommodations are available.

**The YWCA reserves the right to determine if its program can meet the individual needs of each child and to release a child from the program if there is significant safety concern.*
