

school-aged childcare program description

Our multi-age program offers a rich, engaging array of activities and experiences within a fun developmentally appropriate program model. Youth participate by making their own choices about how they prefer to spend their time. Activity choices include outdoor play, gym time, free play, social enrichment and themed activities. The program will continue to follow all state regulations and work closely with Newburyport Public Schools to maintain health and safety.

Monthly installments are based on 3 even payments for the entire spring session (April, May and June)

Monthly tuitions are debited on the 15th of the previous month.
