III) Preferences

A) Local Preference

A preference will be provided for Thirty-Three units only during the during the initial lottery for households who meet the local preference criteria.

1) Local Preference Categories

Applicants will be considered for the local preference if they are one or more of the following categories:

- a) Current residents: A household in which one or more members is living in the City of Methuen at the time of application
- b) Municipal Employees: Employees of the City of Methuen
- c) Employees of Local Businesses located within the City of Methuen
- d) Households with children attending school in Methuen.

2) There are no durational requirements related to local preference

Applicants with a bona fide offer working for Methuen or local business are eligible for local preference

3) Local preference is restricted to the initial drawing of the lottery

If an applicant drawn through the local preference lottery is determined ineligible, the unit becomes available to the next applicant on the waitlist. If a tenant selected through the local preference option leaves the unit, the unit is assigned to the next eligible applicant on the waitlist. No local preference waitlist will be maintained.

4) Local Preference ineligible for Section 8 Vouchers

Applicants chosen through the local lottery are not eligible to receive a Section 8 voucher as a result of the local lottery. If the same applicant were to be chosen through the open lottery or waitlist, they would be eligible to receive a Section 8 lottery if they are otherwise eligible.

B) Community-Based Housing (CBH):

A preference will be provided for four units in which at least one member is disabled according to the definitions below.

a) First Priority: Persons with disabilities (as that term is defined in 760 CMR 60.02) who are living in institutions or are at risk of institutionalization, and are not eligible for the FCF program as set out in St. 2004, c.290, Line Item 4000-8200. Of all persons eligible for this priority, for units that incorporate special design features, preference shall be given to those persons with a documented need for the special design features.

b) Second Priority: All persons with disabilities living in institutions or at risk of institutionalization.

c) Third Priority: All persons with disabilities.

1) Disability

Applicant with a disability is defined as: An individual who has a physical or mental impairment that is of a permanent or long and continued duration and that substantially limits one or more major life activities is considered a person with a disability, excepting individuals who are persons with disabilities who are eligible for housing developed with FCF funds; this exception is required by the legislation. Major life activities include: self-care, learning, receptive and expressive language, mobility, cognitive functioning, emotional adjustment and economic self-sufficiency. This definition includes elders with disabilities.

2) Institutionalization

An applicant who is institutionalized, or at risk of institutionalization, is living in or at risk of being placed in a nursing facility, long term rehabilitation center or hospital.

3) Not Eligible for FCF

The Facilities Consolidation Fund (FCF) Program funds housing in the same manner as CBH but is targeted to clients of the Department of Mental Health and the Department of Developmental Services. CBH is intended to provide housing for persons who are not clients of these departments. An eligible applicant may have a mental health or cognitive disability but does not receive services from one of these two agencies.

C) Homeless

Five units will be reserved for homeless households who meet the definition below. An applicant will be considered homeless, unless otherwise provided by EOHLC, if the applicant lacks a fixed, regular, and adequate nighttime residence and has a primary nighttime residence that is:

- (a) a supervised publicly or privately operated shelter designed to provide temporary living accommodations (including welfare hotels, congregate shelters, and transitional housing), or
- (b) an institution in which they have been residents for more than 30 consecutive days and no subsequent residences have been identified and they lack the resources and support networks needed to obtain access to housing, or
- (c) a public or private place not designed, or ordinarily used as, a sleeping place for human beings.

This definition shall include households who:

- a) are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason
- b) are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations
- c) are living in emergency or transitional shelters
- d) are abandoned in hospitals; or are awaiting foster care placement
- e) who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings
- f) who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings
- g) migratory children (as such term is defined in section 1309 of the Elementary and Secondary Education Act of 1965) who qualify as homeless because they are living in circumstances described above

In addition, according to McKinney-Vento, a fixed residence is one that is stationary, permanent, and not subject to change. A regular residence is one used on a regular (i.e. nightly) basis. An adequate residence is one sufficient for meeting both the physical and psychological needs typically met in home environments. Therefore, households who lack a fixed, regular, and adequate residence will be considered homeless.

A household may be deemed homeless if they are facing imminent eviction due to no cause of their own, failure to pay rent or a violation of terms of lease. A formerly homeless household living in transitional housing will be considered homeless according to this definition. Documentation must be provided to support homelessness.

In all cases, the documentation must be current and can include:

- a) a letter from a shelter
- b) a letter from a provider of services to homeless households
- c) a letter from the public schools indicating that the family has been determined homeless
- d) a letter from law enforcement or the court
- e) sufficient documentation from providers who are not provider to homeless households.
- f) a phone conversation between YWCA staff and any of the above can be used in place of a letter when such conversation is supported by a memo.
- g) YWCA may accept other documentation that demonstrates homeless status.

D) Sensory Unit

One unit will be marketed with a preference for an applicant with at least one member who has a sensory (hearing or visual) disability. A blind applicant does not need to provide documentation for this preference.

E) Preference for Disabled Households Needing Services

For YWCA Residences at Ingalls Court 2, Element Care PACE will be the organization that makes the determination of disability.

Element Care will use the following definition of disability when determining eligibility for this preference:

A physical, mental, or emotional impairment that:

- (a) Is expected to be of long-continued and indefinite duration;
- (b) Substantially impedes his or her ability to live independently, and
- (c) Is of such a nature that the ability to live independently could be improved by more suitable housing conditions. Or
- (d) Someone who has a developmental disability as defined in [42 U.S.C. 6001](#).

Element Care PACE will provide this signed certification that either attests to or rejects each applicant's need for services in accordance with the preceding definitions.

You may provide Element Care PACE with third party documentation of disability which they may use to certify this preference. **DO NOT INCLUDE THIS DOCUMENTATION WITH YOUR APPLICATION, YOU MAY PROVIDE IT DIRECTLY TO ELEMENT CARE.**

Element Care PACE will not charge applicants for this determination.

To be eligible for this preference, services do not need to be provided by Element Care but may be provided by any licensed health care provider.

For additional information about Element Care PACE and the services they provide, see page 14.

IV) Application Process

A) Completing an Application

1) Submission of Applications

Completed applications must be returned to the YWCA Greater Newburyport by mail, or be delivered by hand, prior to deadlines, if any.

Applications will not be accepted by fax or email.

2) Complete Applications

a) *Eligible*

Applications will be considered complete when they have all the required signatures of all household members over the age of 18 and when they have fully completed the income and asset sections and provided proper documentation. Eligible applicants will be notified that their application is complete and that they have been placed in the

lottery or on the waiting list.
B) *Ineligible*

Applications that are determined to be ineligible or incomplete will be entered into the lottery or waitlist as ineligible. Applicants will be notified why their application is ineligible or incomplete and will be given 14 calendar days to dispute the determination of ineligibility and provide documentation that establishes eligibility or complete the application.

Applicants who successfully dispute their determination of ineligibility or who complete the application will be designated eligible for the lottery or will retain their position on the waitlist. Applicants who are unsuccessful in their dispute of their eligibility or those who fail to complete their application will not be entered into the lottery and will remain ineligible on the waitlist.

Applicants who fail to respond within the 14 calendar days but are shown to be eligible will be entered into the lottery (if they respond prior to the final deadline) or will be added to the end of the waitlist.

3) Preferences Assigned

Applications will be given preferences only when the applicant completes the preferences sections and signs that the information is correct.

Only applicants who provide their race and ethnicity may be used to supplement the local preference lottery. Applicants who falsify this section will be rejected for the unit and placed at the end of the waitlist; other preferences may still apply.

Applicants who indicate their income is below a threshold level and their income is determined to be over that threshold will be offered the next available unit within the appropriate income level unless their income exceeds the eligibility criteria.

B) Post Lottery

All applications accepted into the lottery that are not assigned units during the initial draw, will be placed on the waitlist in the order that they were drawn.

After the lottery, applications will be added to the waitlist in the order in which they were received using date and time, as long as the waitlist remains open.

Available units will be assigned according to income eligibility, preferences for services needed, Community Based Housing (CBH), sensory unit and homelessness.

V) Lottery and Resident Selection Process

A) Ballots

Only applicants who meet the eligibility requirements shall be entered into the lottery. Qualified applicants will be given a Registration Number. Each Registration Number will be placed on a ballot.

Registration numbers will indicate whether applicant is eligible for local preference lottery or the open lottery.

B) Local Preference Lottery

All applicants who indicate they qualify for the local preference will be placed in a local preference lottery.

The YWCA of Greater Newburyport will evaluate the number of racial and ethnic minorities who indicate they qualify for a local preference. If an applicant does not complete the race and ethnicity section, they will be counted as a white applicant. If the total number of ethnic and racial minorities does not constitute 33% of the total pool of eligible applicants, the YWCA will add eligible applicants who represent ethnic or racial minorities in the following manner.

All eligible applicants who do not indicate a local preference and who indicate that they are a racial or ethnic minority, will be placed in a random drawing to balance the pool of applicants in the local preference lottery. Applications will be drawn at random until the pool of candidates represents 33% racial and ethnic minorities. All applications not drawn will continue to be eligible for the open lottery.

Once the applicant pool is balanced, ballots will be drawn randomly and listed in the order drawn. Once all of the local preference ballots have been drawn, the ballots will ALL be placed into the open lottery.

Unit assignments will occur after the open lottery.

C) Open Lottery

After the local preference lottery, all ballots will be placed in the open lottery. The ballots will be randomly drawn and listed in the order drawn.

Unit assignments will occur after the open lottery.

D) Post Lottery

1) Assignment of Units

1) Units are not assigned in the order in which they were drawn but are assigned by proceeding down the list in the following manner:

a) **Local Preference:** These thirty-three units will be awarded by proceeding down the list based on the local preference lottery. As long as an applicant meets eligibility and preference requirements, the applicant will be assigned a unit until thirty-three units are filled. All other preferences apply.

NOTE: No Section 8 Housing Vouchers may be awarded through the local preference lottery.

- b) **Community Based Housing:** These two (2) units will be awarded by proceeding down the local or open lottery list of the first applicant requiring Community Based Housing with a preference for those who are currently institutionalized. All other preferences apply.
- c) **Homelessness:** These five (5) units will be awarded by proceeding down the local or open lottery list to the first income eligible applicant who is homeless. All other preferences apply.
- d) **Sensory Unit.** This one (1) unit will be awarded by proceeding down the local or open lottery list to the first income eligible applicant requiring a sensory unit. All other preferences apply.
- e) **Disabled Households Needing Services Units** will be awarded by proceeding down the open lottery list to the first income eligible applicant who meets this preference. All other preferences apply.
- f) All remaining **60% AMI units** will be awarded by proceeding down the open lottery list to the first income eligible applicant.
- g) All remaining **50% AMI units** will be awarded by proceeding down the open lottery list to the first income eligible applicant.
- h) All remaining **30% AMI units** will be awarded by proceeding down the open lottery list to the first income eligible applicant.

2) Waitlist

The YWCA of Greater Newburyport will retain a list of households who are not awarded a unit, in the order that they were drawn from the open lottery. If any of the initial applicants do not accept a unit, the unit shall be offered to the highest ranked applicant on the open lottery list in accordance with preferences and eligibility even if the original applicant was drawn from the local preference lottery.

After the completion of the lottery deadline, the YWCA will continue to accept applications as they may be submitted. All applications received after the lottery deadline will be time and date stamped and given a registration number. Any vacancies that arise after the completion of the lottery will be filled first by applicants from the open lottery list of who were not awarded a unit, and then on a first come first served basis based on eligibility and preferences.

If it is determined that a waitlist of more than five years is established for a particular unit type, YWCA will close the waitlist for that specific unit type. Waitlists that re-open will be advertised for a least 10 days and then an open lottery will be held to re-establish the waitlist.

3) Notification to Applicants

After units have been assigned, applicants will be notified whether they have been assigned a unit or their placement on the waitlist.

VI) Screening

A) Screening

When an applicant becomes eligible for a unit, the applicant will be subject to the YWCA's tenant screening process. The tenant screening process applies to all applicants who have been assigned a unit. The tenant screening process includes the following components:

- Social Security Number verification
- Criminal Offenders Records Investigation
- Government Sanctions
- Bankruptcies, Liens and Judgments
- Rental history/reference checks
- Evictions
- Landlord and Personal references
- Ability to pay rent (considering rental assistance where applicable)
- A credit reference check, however, credit score is not used as a criteria
- A home visit

B) Denial Appeal Process

If an applicant is rejected for any of the reason in the Tenant Selection Plan, a letter shall be sent stating the reason(s) for rejection. Applicants who are denied a unit during the screening process may request a meeting within 14 days of denial to meet with the YWCA to review the material upon which a decision was made.

Applicants may provide additional information or may correct inaccurate information made in the denial of the unit. The YWCA will review the new material, if any, and make a decision within 7 days.

Household Income

Households must meet certain maximum income limits in order to be eligible to rent a unit at YWCA Residences at Ingalls Court 2. Gross Household Income will be determined in a manner set forth in 24 CFR 5.609 and the HUD Technical Guide for Determining Income and Allowances for the HOME Program or any successor regulations.

Gross income is income anticipated to be received from all sources, including all wages and salaries prior to deductions, overtime pay, commissions, tips, fees and bonuses, and other compensation for personal services, net business income, interest/dividend income, social security, supplemental security income, pension payments, disability income, unemployment compensation, alimony/child support, and veterans' benefits, for **all adult household members, unless the member is a full-time student**. *For such students, the first \$480 of the student's income must be counted in the household's income. The entire income for full-time students who are the head of household or spouse must be counted in income. Income from assets as defined in the asset section below is also included in income.*

All income sources must be declared.

When an asset produces little or no income, imputed income is calculated by multiplying the total amount of those assets over \$5,000 by 1%. This amount is included in gross income.
